Exchange plastic waste for a free meal here
Exchange plastic waste for a free meal here

SIDHARTH YADAV
BHOPAL

Want a free meal in exchange of plastic waste? Head to the segregation unit near the Ambikapur bus stand, get the waste weighed, receive a coupon and relish an Indian thali at the garbage cafe on the opposite side of the road.

The Municipal Corporation of Ambikapur, in Surguja district of Chhattisgarh, in a bid to spread awareness of curbing plastic use, feed the homeless and ragpickers, and empower poor women, is going to open the cafe soon. While a kg of waste will fetch one a full meal, half a kg will get one a breakfast. The city is the second cleanest in the country after Indore according to the Swachh Survekshana 2019, said Mayor Ajay Tirkey, and efforts to clean inner wards would take the shape of a cafe. “We have made an allocation of ₹5 lakh for the cafe... women will run it. They already prepare and supply food to rain baseras,” he said.

U.P., Rajasthan and Bihar fare the worst among States in breastfeeding. Infant mortality under the age of five is relatively higher in these States than others. In India, less than 50% of newly borns receive breast milk within the first hour of their birth, a low number compared to other developing countries. By Sumant Sen

**Best in Mizoram**

Over 73% of newly borns were breastfed within the first hour of birth in Mizoram, the highest percentage in India. According to the WHO, this “first milk” which the infant receives is rich in protective factors and nutrients.

A State-wise look

**Poorly positioned**

Only 41.5% of infants in India received breast milk within the first hour of birth. India was ranked 56 out of 76 nations that were surveyed. Sri Lanka topped the charts with 90%

Manmohan elected unopposed to RS
A matter of pride for Rajasthan: Gehlot

SPECIAL CORRESPONDENT
JAIPUR

Former Prime Minister Manmohan Singh was on Monday elected unopposed to the Rajya Sabha from Rajasthan. Dr. Singh, 86, the Congress candidate, was declared elected after the deadline for withdrawal of nominations ended.

The seat fell vacant following the death of BJP State president Madan Lal Saini on June 24. Saini was elected to the Upper House last year.

10 seats
The State has 10 Rajya Sabha seats, nine of which are now with the BJP. As the ruling Congress enjoys a majority in the 200-member Assembly, the BJP, which has 72 seats in the House, did not field its candidate for the byelection.

Congress Chief Whip Mahesh Joshi received the election certificate on behalf of Dr. Singh from the Returning Officer and Assembly Secretary Pramil Kumar Mathur.

Dr. Singh was a Rajya Sabha member from Assam for five consecutive terms between 1991 and 2019. The Congress, which has 100 seats in the Assembly, was confident of Dr. Singh’s victory, as it enjoys the outside support of all six BSP MLAs and 12 Independents. Its alliance partner Rashtriya Lok Dal has one seat. Dr. Singh’s candidature was supported by the BSP and Independent members as well.

Rajasthan Chief Minister Ashok Gehlot and Assembly Speaker C.P. Joshi congratulated Mr. Singh. “I congratulate former PM Dr Manmohan Singh ji on being elected unopposed as a member of Rajya Sabha from Rajasthan. Dr Singh’s election is a matter of pride for entire state. His vast knowledge and rich experience would benefit the people of Rajasthan lot,” Mr. Gehlot tweeted.

“Many congratulations to the world renowned economist Dr Manmohan Singh for being elected unopposed as Rajya Sabha MP,” the Speaker tweeted.
Energy likely to be on Modi’s agenda at G7 visit

India is a special invitee at the meet

SPECIAL CORRESPONDENT
NEW DELHI

India remains politically committed to the completion of the Jaitapur nuclear power project, which is being built in partnership with France. A statement regarding the project was made as the External Affairs Ministry announced that Prime Minister Narendra Modi will attend the outreach session of the G7 meet at Biarritz, France, where India is a special invitee.

“We are politically committed to completing the Jaitapur nuclear power project as soon as possible. In December 2018, we have signed the Industrial Way Forward Agreement. The techno-commercial offer is in active discussion between the technical agencies,” said G. Balasubramaniam, Joint Secretary, Western Europe Division in the Ministry.

The visit to Biarritz is part of the multi-nation tour that Mr. Modi will undertake from August 23. He will visit the UAE, Bahrain and France. The invitation to visit France was extended by President Emmanuel Macron after Mr. Modi was re-elected to a second term in office.

At the G7 summit, Mr. Modi is expected to highlight climate change and counter-terrorism with partner countries.

The interactions with the French leadership is likely to include solar energy and multilateral.

The Indian leader is expected to hold several bilateral meeting with global leaders, though the Ministry did not confirm the meetings.
Jagannath Mishra, former Bihar Chief Minister, dead

AMARNATH TEWARY

PATNA

Former Bihar Chief Minister Jagannath Mishra died in a hospital in Delhi on Monday. He had been unwell for the past several months.

Dr. Mishra, 82, became Chief Minister in 1975, 1980 and in 1989-90. He was the State's last Congress Chief Minister. In December 1989, Prime Minister Rajiv Gandhi made him Chief Minister to control the situation in the wake of the Bhagalpur communal riots. He ruled for 95 days, but could not stop the Janata Dal from coming to power in March 1990.

Dr. Mishra later joined the Nationalist Congress Party (NCP) and then moved on to the JD(U).

Jagannath Mishra

He was Agriculture Minister in the P.V. Narsimha Rao government at the Centre in 1995. His son Nitish Mishra was a Minister in the Nitish Kumar Cabinet, but subsequently joined the BJP.

Dr. Mishra was a Professor of economics in Bihar University. He has authored several research papers and books.

He courted controversy when his government brought in the draconian “Bihar Press Bill” in 1982, which prohibited the publication, sale and possession of any printed matter that was “scurrilous, grossly indecent or intended for blackmail”. A year later, however, the Bill had to be withdrawn as it did not get the presidential assent.

Dr. Mishra was also an accused in the multi-crore fodder scam cases and was convicted in some. But he was granted bail by a court in Ranchi.

Chief Minister Nitish Kumar declared a three-day State mourning.

Congress president Sonia Gandhi extended her condolences.
Retirement age for Central forces is 60

SPECIAL CORRESPONDENT
NEW DELHI

The Union Home Ministry has fixed the retirement age of all Central Armed Police Force (CAPF) personnel at 60 years, an order issued on Monday said.

The MHA issued the order following a January 2019 Delhi High Court verdict asking the Ministry to fix a retirement age that would be uniform for all members of the CAPFs.

All personnel in the Central Industrial Security Force and the Assam Rifles retire at the age of 60. However, in the other four forces – Central Reserve Police Force (CRPF), Border Security Force (BSF), Indo Tibetan Border Police (ITBP) and Sashastra Seema Bal – those

Earlier, personnel of some ranks of armed police forces retired at 57.

from the ranks of constable to commandant retire at 57, but those above them retired at 60.

The Home Ministry had challenged the Delhi HC verdict in the Supreme Court on May 10 but it was dismissed by the apex court.

On Monday, the MHA issued an order that the age of retirement in the regular cadre of paramilitary component will be 60 years “irrespective of rank”.

NTPC to set up 5,000 MW solar park in Kutch

Plans to enhance renewables capacity

PIYUSH PANDEY
Mumbai

State-owned NTPC is planning to set up 5,000 mega watt (MW) ultra mega solar park (UMSP) in Kutch, Gujarat, which may see investments exceeding ₹20,000 crore. This move is aimed at scaling up the renewable portfolio of India’s largest power producer with 55,786 MW of installed capacity.

“We have identified land in Kutch and expect to start work this year itself,” NTPC CMD Gurdeep Singh said.

Of NTPC’s 55,786 MW capacity, only about 900 MW comes from solar.

The company plans to increase its power generation to 130 giga watts (GW) by 2032 with 30% coming from non-fossils.

“We are taking an aggressive position in renewables. We aim to add 30,000 MW of renewable capacity by 2030. Coal-based capacities are going to stay for 2-3 decades, but only incremental capacities will be added in solar and the thrust is on renewable now. Solar power has become very competitive, hope it stabilises and brings the investment cycle again,” Mr. Singh added.

NTPC has added 2,180 MW of new capacity in 2018-19 and plans to add 5290 MW in the current fiscal.
World Humanitarian Day: 19 August
विश्व मानवतावादी दिवस: 19 अगस्त
- UN
World Humanitarian Day is an international day observed every year on 19 August.

The day aims to recognize humanitarian personnel and those who have lost their lives working for humanitarian causes.

This year’s focus salutes the efforts of women humanitarian workers across the world who rally to people in need and are often the first to respond and the last to leave.

The world humanitarian day 2019 theme is ‘Women Humanitarians’.

विश्व मानवतावादी दिवस प्रत्येक वर्ष 19 अगस्त को मनाया जाने वाला एक अंतर्राष्ट्रीय दिवस है।

इस दिन का उद्देश्य मानवीय कर्मियों और उन लोगों को पहचानना है जिन्होंने मानवीय कारणों से काम करते हुए अपनी जान गंवाई है।

इस वर्ष का ध्यान दुनिया भर में महिला मानवीय कार्यकर्ताओं के प्रयासों को नमन करता है जो जरूरतमंद लोगों के लिए रैली करते हैं और अक्सर कार्य करने वाली पहली होती हैं और छोड़ने वाली अंतिम होती हैं।

विश्व मानवतावादी दिवस 2019 का विषय ‘Women Humanitarians’ है।
World Photography Day: 19 August
विश्व फोटोग्राफी दिवस: 19 अगस्त
- News 18
August 19 is observed as World Photography Day. The day is observed so that people around the world can communicate their feelings and express themselves through the art of photography. The prelude to this announcement was that on January 9, 1839, where the French Academy of Sciences proclaimed the Daguerreotype process. The daguerreotype was the first commercially successful photographic process (1839-1860) in the history of photography.
Iceland's Okjokull glacier commemorated with a plaque
आइसलैंड के ओकजोकुल ग्लेशियर पर एक पट्टिका के साथ स्मारक बनाया गया
- AIR
In Iceland, people gathered to commemorate the loss of the glacier Okjokull, which was officially declared dead in 2014 at the age of 700.

The glacier was officially declared dead by the Icelandic Meteorological Office when it was no longer thick enough to move.

What once was glacier has been reduced to a small patch of ice atop a volcano.

The plaque reads "Okjokull is the first Icelandic glacier to lose its status as a glacier".

Iceland loses about 11 billion tonnes of ice per year, and scientists fear that all of the island country's 400-plus glaciers will be gone by 2200.

आइसलैंड में लोग ग्लेशियर ओकजोकुल के नुकसान की याद में इकट्ठा हुए, जिसे आधिकारिक तौर पर 700 साल की उम्र में 2014 में मृत घोषित किया गया था।

ग्लेशियर को आधिकारिक तौर पर आइसलैंडिक मौसम विज्ञान कार्यालय द्वारा मृत घोषित कर दिया गया था, जब इसकी स्थानांतरित करने के लिए पर्याप्त मोटाई नहीं थी।

जो कभी एक ग्लेशियर हुआ करता था अब ज्वालामुखी के ऊपर बर्फ के एक छोटे से पैच जितना बचा है।

पत्थरों में लिखा है, "ओकजोकुल, ग्लेशियर के रूप में अपना स्थान खोने वाला पहला आइसलैंडिक ग्लेशियर है"।

आइसलैंड प्रति वर्ष लगभग 11 बिलियन टन बर्फ खो देता है, और वैज्ञानिकों को डर है कि द्वीप देश के सभी 400 से अधिक ग्लेशियर 2200 तक ख़त्म हो जाएंगे।
5th Meeting of India-Nepal Joint Commission to be held in Kathmandu
काठमांडौ भारत-नेपाल संयुक्त आयोग की 5 वीं बैठक की मेजबानी करेगा
- Business Standard
The 5th Meeting of India-Nepal Joint Commission will be held in Kathmandu on 21-22 August.

Minister for External Affairs of Dr S. Jaishankar and Nepal’s Minister of Foreign Affairs Pradeep Kumar Gyawali will co-chair the meeting and lead their respective delegations.

The Joint Commission Meeting will review the overall state of bilateral relations and various areas of cooperation.

India-Nepal Joint Commission was established in June 1987.

Its meetings are held alternately in Nepal and India. The last meeting of the Commission was held in New Delhi on October 2016.
Gujarat to get the country's first chemical engineering & technology institute

गुजरात में देश का पहला केमिकल इंजीनियरिंग और प्रौद्योगिकी संस्थान स्थापित किया जाएगा

- ANI
The country's first Central Institute of Chemical Engineering & Technology (CICET) will be set up in Gujarat to give a boost to the chemical industry.

The CICET will come up either at Ahmedabad or Surat.

The proposed CICET will help the chemical industry with research and innovations.
Five new fish species discovered in Arunachal Pradesh

अरुणाचल प्रदेश में पांच नई मछली प्रजातियां खोजी गई

- AIR
Researchers of the Rajiv Gandhi University in Arunachal Pradesh have discovered five new fish species in various districts of the state.

The scientific names of the newly-discovered fish species are Mystus prabini, found in Sinkin and Dibang rivers in Lower Dibang Valley district and Exostoma kottelati, found in Ranga river in Lower Subansiri district.

Other discovered species are Creteuchiloglanis tawangensis, found in the Tawangchu river in Tawang district, Garra ranganensis, found in Ranga river and Physoschistura harkishorei, found in Dibang and Lohit rivers.

Majority of the water bodies in remote areas of Arunachal Pradesh are still not easily accessible to the researchers due to a difficult terrain that includes rain forests, steep hills besides communication problems.
Hima Das, Mohammad Anas win gold at Athleticky Mitink Reiter event
हीमा दास, मोहम्मद अनस ने एथलेटिक मितिंक रीटर इवेंट में स्वर्ण पदक जीता

- AIR
• Top Indian sprinters Hima Das and Mohammad Anas have won a gold each in 300m races at the Athleticky Mitink Reiter event in the Czech Republic.
• While Hima won the gold in women's event, Mohammad Anas claimed the gold medal in the men's category.
• This was Hima's sixth gold in 2019 in European races since last month.
• India’s Nirmal Tom clinched a bronze medal in the same event by clocking a timing of 33.03 seconds.
• शीर्ष भारतीय स्प्रिंटर्स हेमा दास और मोहम्मद अनस ने चेक गणराज्य में एथलेटिक मितिक रीटर इवेंट में 300 मीटर दौड़ में एक-एक स्वर्ण पदक जीता है।
• महिलाओं की स्पर्धा में जहां हीमा ने स्वर्ण पदक जीता, वही मोहम्मद अनस ने पुरुष वर्ग में स्वर्ण पदक का दावा किया।
• पिछले महीने से यूरोपीय दौड़ में 2019 में हेमा का यह छठा स्वर्ण था।
• भारत के निर्मल टॉम ने उसी इवेंट में 33.03 सेकंड के समय में कांस्य पदक जीता।
